# TRUST EMPLOYEES' IMPACT

Our winning cloud platform enables structured dialogues with employees. Trust, dialogue and impact are crucial in order to engage and make an impact, together!

## TRUST

Trusting employees is essential to their commitment and passion to perform at work. The time has now come to improve this trust. Include, inform and **challenge employees**. Their wisdom is unique. So, start building a higher level of trust today: start the Dialogue!

## DIALOGUE

We design your online dialogue program to fit your company's strategic ambitions. Dialogue is all about engaging a group, no matter its size, to **learn from each other's perspectives and ideas**, and not just promote one's own. These compelling dialogues take place via our unique platform and **reveal** what's already present underneath the surface.

## IMPACT

Trustful, reflective Dialogues reveal business critical insights to act upon. You will win hearts *and* minds, **and make more impact** at the same time. Together, we design your Dialogue program and subsequent follow-up. Your employees, management, stakeholders and shareholders will love the impact, focus, growth and innovation emerging from your employees' collective intelligence. Repeatedly. Tangible.

Chief HR & Engagement Officer:

"WE REALIZED THAT DIALOGUES DRIVE ENGAGEMENT. OUR ENGAGEMENT IS NOW TRULY IMPROVING, DAILY, WITH VISIBLE AND MEANINGFUL RESULTS. WITHOUT OVERWHELMING EMPLOYEES, WITHOUT SURVEYS. JUST DIALOGUES."

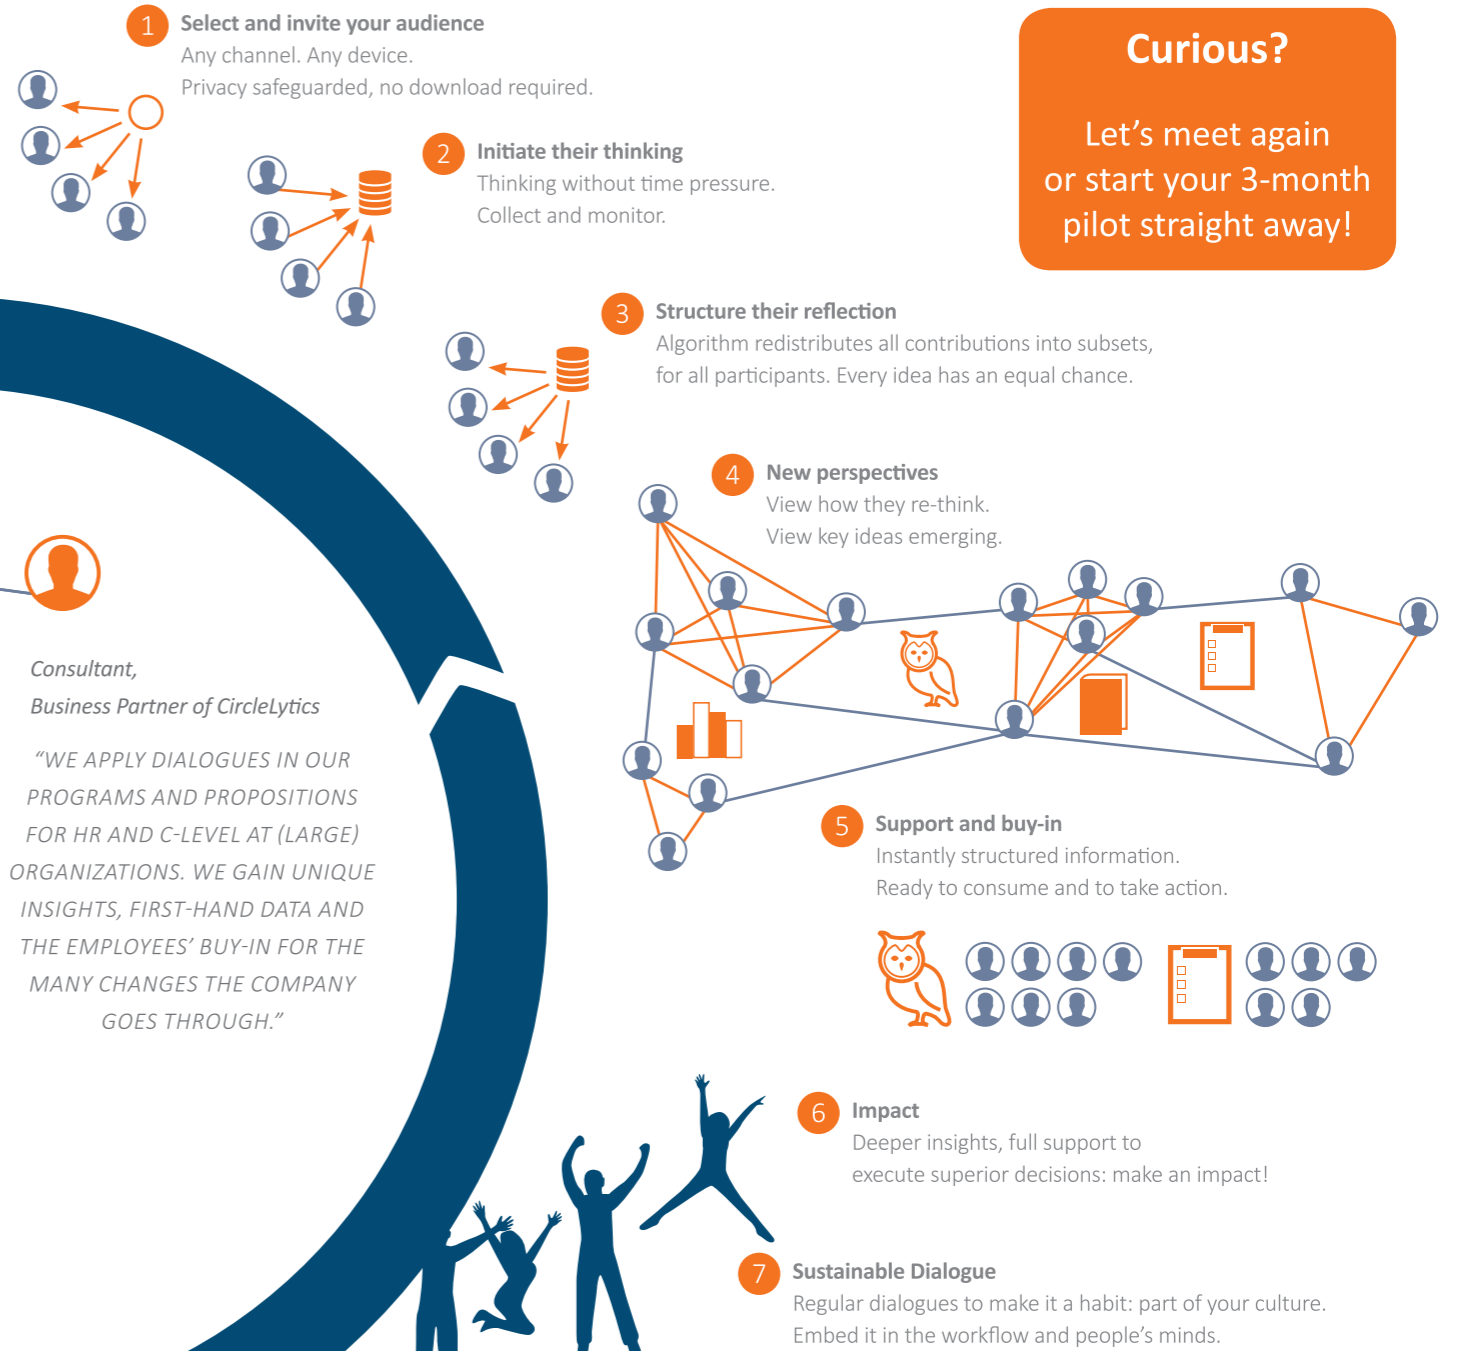

# FOR C-LEVEL AND HR

We work for complex, dynamic corporates and non-profit organizations that take their employees seriously and have to deal with change. We'd love to meet up and usually start the dialogue with C-level, business unit managers, CHRO and HR seniors. Contact us to discuss your strategic ambitions and urgent needs and we'll help you design your solution!

# WITH SELECTED PARTNERS

Our platform and dialogue solutions have been applied by various partners to create winning, sustainable solutions. This way, our partners become trusted partners for their customers as well, based on unique solutions that build trust and make an impact. Interested in becoming a partner? Contact us to discuss various cases and design your own solution!
